Hearts of solid gold recognized

WORTHY RECIPIENTS — Of Air Canada Heart of Gold pins and certificates in Elk Point and District were: (l-r): Ron Barwick, Ruth Vogel, Marnie McCowan, Elaine Etherington, Violet McFadyen and Laverne Wilson.

Six district residents with true 'hearts of gold' were recognized last Thursday at a coffee party held at the Empress Banquet Room, Elk Point, with the presentation of certificates and pins, courtesy of Air Canada, the Canadian Community Newspapers Association, Alberta Weekly Newspapers Association, and the Lakeland Review.

The six were nominated by Lakeland Review readers during the Air Canada Heart of Gold promotion earlier in 1988. Over 6000 nominations were received across Canada, 750 of these from Alberta. Eleven Albertans were selected for major awards, which were presented November 5 to Doreen Befus, Red Deer; Louise Bruns, Rocky Mountain House; Trevor Hamon, Glenwood; Diane Hay, Bashaw; Jim Hepe, Waseca; Elsie Johns, Leduc; Irving Kurz, Red Deer; Howard McLean, Calgary; Marion Morck, Spruce View; Chris Selzler, Coronation; and Steffie Woima, Sylvan Lake.

Elk Point and district nominees were Ron Barwick, Marnie McCowan, Violet McFadyen and Ruth Vogel of Elk Point, Elaine Etherington of Clandonald and Laverne Wilson, all of whom

were on hand for the presentations, along with their very proud families and friends.

Reasons given for selecting these men and women for recognition included community involvement, commitment and caring. All six are well known for their willingness to help out when help is needed, to volunteer their time and efforts, to give from their hearts rather than from a sense of duty. Their hearts, like the ones they now proudly wear on their lapels, are solid gold.

Ron Barwick has served his community in any number of ways. As Canada's oldest active member of the BPO Elks Lodge, he has tirelessly served his lodge as a member of the executive, and as a volunteer for the many activities of the organization. An avid promoter of sports, he has been the number one fan of many local teams, be they baseball or hockey, and for years was much in demand to play O Canada on his horn to start the games. Barwick also organized and travelled with a local girls' marching band which helped to spread the name of Elk Point across the province. He has also charmed many with his musical talents, shown the

By Brenda Romanchuk

Deborah Grey will once again pursue nomination for the Reform Party of Canada, to be a candidate in the future Beaver River Riding byelection. She impressed many constituents last fall, with her style of campaigning and standings when the votes were counted.

"The campaign was a great learning experience, and I've decided to try it again," states Grey. "Though I took six weeks off work to campaign

She decided to donate a few books to the Public School Library. Here Diane Courtier, Librarian of the F.G. Miller High School accepts copies of "The Years Between", "No Man's Land", and "The Royal Canadian Legion," to be placed in the Library, and available for students' needs. Her hope is that those who read and study the events shown, will better understand the purpose and work of the Legion, on Remembrance Day and all years to come. Mrs. Courtier expressed pleasure in receiving the books.

beauty of our community through his photographs, and painted many of the signs which adorn our businesses and facilities.

Elaine Etherington is a nine-year resident of the Landonville district, north of Clandonald, and is very involved with volunteer activities in the surrounding communities and in helping her husband Gary with his veterinary practice. A farm wife and mother of two, she is the Grant Coordinator of the Clandonald Agricultural Society, active in Dewberry United Church, minor hockey and ringette, baseball coach, slowpitch player, soccer supporter and chauffeur, and a member of the kindergarten parents' group executive. She is also an x-ray technician and a caring neighbor, who somehow always has time to stop and visit. Currently she is involved with organizing the Community Basket to

raise funds for Clandonald community needs.

Marnie McCowan is Elk Point's Family and Community Support Services Director, but her caring ways go far beyond the scope of her job. Whatever is needed, Ms McCowan will find a way it can be found, done, initiated, carried on. She is a willing listener, who always has time for an encouraging chat, who really CARES if the community's young mothers, preschoolers, teenagers, and seniors can find the programs and services they need, and if these programs are what the people want. She delights in helping to organize such events as the Mayor's Dinner Theatre, Canada Day Celebrations, Women's Personal Development Day, Volunteer Appreciation Night and Information Night. While many of these come under the FCSS umbrella, the enthusiasm she puts into them is all

her own.

Violet McFadyen is yet another person who always has time and encouraging words for her friends, neighbors and acquaintances--and even for strangers. She is an indefatigable volunteer worker, spending many, many hours annually on organized charities such as Canadian Red Cross, and the Hospital Auxiliary, under which she is presently operating the hospital's Canteen. Well into her retirement years, she is relied upon for donations of baking, to open her home for quilting bees, and to teach her handicraft skills to others. Mrs. McFadyen does not speak ill of anyone, looks for the good in all, and is a friend in joy and in sorrow, in addition to brightening the days of those around her with her pleasant smile and well-turned-out appearance.

Ruth Vogel is a mainstay of the

local 4-H and Ukrainian Dance Clubs whose organizational talents have been much appreciated over the years as an adult adviser and executive member. Perpetually busy, she always seems to have the time to fit in one more way to help out in the community, whether it is stapling flowers on a float, welcoming 4-Hers to her home for a meeting, or presenting appreciation gifts to those individuals who have helped the organizations she is involved with. In addition, her compassion and understanding has led her to give a helping hand and a great deal of moral support to friends in their time of sorrow and need. In addition to her duties of wife and mother, Mrs. Vogel is an active partner in the family fuel business, and will greet you with a cheery smile even when it's minus 40 and you need a fillup when she's on duty.

Laverne Wilson, Principal of

Heinsburg School, is also a person who can seldom be found just taking it easy. As well as keeping his staff and students happy in a pleasant learning environment, he is active in his community and beyond. Wilson spent several years as chairman of the Elk Point and District Further Education Council, an organization which promotes the theory that one never stops learning, and which offers a variety of courses for all interests. In his involvement with the Heinsburg Community Club, Wilson has seen many improvements and changes as a result of the active fundraising he has helped with. In the school, he is known as an approachable and helpful individual to students and staff alike, with a genuine interest in their concerns.

Our congratulations to these most deserving individuals.

Johnson seeks Reform nomination

By Brenda Romanchuk
Staff Writer

Seeking nomination for the Reform Party in the Beaver River Riding, is Dr. Richard Johnson, of Grand Centre. He is a 39 year old family practitioner, who believes strongly in fairness for the West, real representation in Ottawa, and fiscal responsibility.

As a member of the Reform Party, Johnson promotes the idea of a Triple "E" Senate, one that is; effective, elected, and provides equal rep-

resentation. He also feels it is possible to have a balanced budget, with governmental expenditures equalling income. When asked how this could be accomplished without increasing taxes or cutting back on programs, Johnson stated that the government should privatize money losing ventures, and streamline others.

Universality, providing for the needy not the greedy, is another of Johnson's priorities. He also feels that stronger criminal justice should

be implemented and referendums should be held on all major issues.

Johnson believes there has been too much stress placed on bilingualism, and that more attention should be given to constitutional and economic fairness, whether for French or English speaking Canadians. After touring the Beaver River Riding, he feels constituents want; lower taxes, jobs and industry, plus a better deal for farmers.

"I have five children and want them to have similar opportunities as to what I had," states Johnson. "If government continues the way it is now, they won't."

Born at Dawson Creek, B.C., Johnson graduated from the University of British Columbia in a combined Honors Biochemistry and Physiology Program. He joined the military medical program, and after completing an internship at Victoria General Hospital, was stationed at CFB Cold

Lake for three years. From there, he went on to practice medicine for one and a half years in rural Texas, followed by locals in Newfoundland and the Eastern Arctic.

For the past four years, Johnson has worked in Alberta, at Isley for three years, and now Grand Centre, where he shares a medical practice with his wife, Dr. Laura Johnson. He is avidly involved in preventative medicine and fitness, participating frequently in marathons.

Johnson feels this constituency needs a "rebel" in Ottawa, one that is not afraid to speak out when necessary. He feels his experience in the health care field, both in Canada and the U.S., his military history, plus his general views, all combine to make him a qualified candidate.

The Reform Party of Canada nomination meeting will be held at 7:30 p.m. on January 9, 1989, at the Ukrainian Hall in Smoky Lake.

Resolutions

Here we are at the start of another New Year, the time when most of us look at those twelve clean, unscribbled calendar pages and make resolute vows to change our ways in the future.

Resolutions...many are made, but few are kept.

Possibly we all should make resolutions that are easier to keep, like the youngster in one cartoon seen lately, who resolved to watch more TV, do less homework and hang out with his friends more.

Here are just a few really simple ones, that are not that difficult to carry out, but could still give you the sense of accomplishment that comes with keeping your resolutions:

Buckle up. It's the law, it will save you from getting tickets, and it could save your life.

If you drive, don't drink. Ditto.

Empty ashtrays in safe places, like down the toilet or into your woodstove, not into the garbage or a wastepaper basket. It's

much simpler than quitting smoking, but could easily keep you alive longer.

Say thank you more. It will give you the image of being a polite person, and make people more willing to do things for you.

Laugh at least once a day. It's good for you!

Take time to listen. You may learn something.

Watch the sunrise, or the sunset, every chance you get. The beauty of nature will give you a lift.

Call someone who cares, and whom you may have been putting off calling until 'one of these days'—today's as good as any.

Tell someone you're sorry, if you've been putting that off, too—the feeling of relief will surprise you.

And finally, read the Review every week—we'll try to keep it interesting and informative for you.

Have a great year, everyone!

SCHOLARSHIP RECIPIENT — Heritage Lodge Matron Alvin Schumacher recently completed a course in management of Senior Citizens' Homes, for which she received a Michael Lukevich Scholarship. Ms. Schumacher reports that the course was challenging, but she passed with only 3 errors on four exams.

Wagon train reflections

By Kathy Foster

I sometimes wonder, as I empty my house into our wagon and repack several times to make sure everything is just right and we go over all the last minute details, making sure tarps are fitting, harness repaired, horses in good shape and vehicles running.

We pull out of the yard with excitement running high, we are finally on our way, to join old friends and meet new ones on a week's holiday that is as unique as each of us.

For four years in a row, we have gone through all the preparations several times and I often ask myself, WHY ARE WE DOING THIS? As I look at our daughters and see the gleam in their eyes and we get to our destination and see all the other Wagon Trainers, I know why we do this and all the time it took to get ready is worth it.

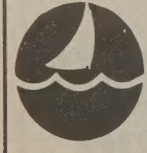

Wagon Trainers are a special breed. They all have a love of horses, people and the good life. Some of our closest, dearest friends are the ones we spend our Wagon Train Season with. The memories we make each summer are very dear to us.

I have over the years, had people think that there is something drastically wrong with us. They just cannot understand why heat-waves, monsoons or breakdowns won't stop us.

The most wonderful part of a Wagon Train is that as you assemble together, everyone becomes part of a very large family and everyone works for a common goal...to reach the end of the trek together.

So, as I think back over the summers, trips and memories, I know, that THIS IS THE LIFE and I wouldn't trade it.

What's news at the Library

Our movie matinee next Thursday January 5, 1989 will be Mary Poppins. The show will be at 2:00 p.m. Our storytime consisted of another puppet show, this one entitled Mortimer by Robert Mensch. Mortimer is a young boy who didn't want to go to sleep! I'm sure most parents are familiar with similar incidents in their own homes.

It's time to renew your library cards again. Nothing could be nicer than sitting at home all cosy with a good book to read. So come out and join us! The Library fees are: Family \$8, Adult \$4, and Children \$2. Have a HAPPY NEW YEAR everyone.

NEW BOOKS

The India Fan by Victoria Holt-A story of Drusilla Delany and how she

becomes inextricably bound to the wealthy Framling family. She finds herself the unlikely heir to a bejewelled fan that has a curse on it.

Beloved Soldiers by C. L. Skelton- This is the third volume of The Regiment Quartet, which tells the story of the Maclarens, the Bruces, and the Regiment, from the nineteenth century up through the Great War, World War I.

The Complete Guide to Video Cas- sette Movies featuring more than 5000 reviews of theatrical release or made-for-television films, is a reference book to be viewed in the library.

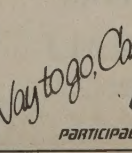

New books in the Junior area are: The Vandarian Incident and It Isn't

Easy Being Ms Teeny Wonderful by Martyn Godfrey, It's Tough to be a Kid by Mary Blakeslee, The Kids of Degragasi, St. Martin Meets the Pi- rates and Other Stories.

By Eileen Norby

I have no predictions for the coming year except to say that 1989 will be a year filled with great accomplishments. Let's all meet the challenge and help generate great returns. Capricorn and Aquarius, you will work well under new pressures. During 1989 you will draw attention to a new marital status. Love will play a major role. In January there is solid evidence of planetary influences in everything you do, not to mention behavior pattern. We are believers! The age of Aquarius was no joke, even if you don't believe in astrology. Happy and Prosperous New Year!

Aries (Mar 21 - Apr 20)

Begin a new diet to get in tip-top shape. It will take patience. Your energy level is high. Blend exercise with creativity. Positive thinking will whittle down those unwanted pounds. Don't let domestic expenses run amok. Don't shop when you're hungry!

Taurus (Apr 21 - May 20)

You are happy with your mate as long as he doesn't fence you in. You'll labour with great love until you cross swords with your spouse. Your foundation is shaky again. You need a strong balance. You are packing to move on somewhere? You are very upset, naturally.

Gemini (May 21 - Jun 20)

Your past has caught up with you. Expensive! You'll always be footloose regardless. They call it a

treadmill existence. It looks like a banner year for you but there are a few tense vibrations from negotiations long at a stand still. You simply ignored them.

Cancer (Jun 21 - Jul 22)

Excellent communication. Love and understanding rules supreme! In January, pressures on the work front could put a strain on your overall wellbeing. You'll feel sluggish but planetary action motivates you to rev up with diet and exercise. Love wears many faces, all good for January.

Leo (Jul 23 - Aug 22)

Your work is stimulating. You are popular! January will find you with less freedom. Focus on patience and routine. You feel highly sensitive about your appearance and personality. You feel touchy - STOP it! Use utmost tact and charm for '89.

Virgo (Aug 23 - Sept 22)

Complete unfinished tasks. You

may throw the towel in and take a month off in the summer. You enjoy travel. The holiday was beautiful and deeply satisfying. Your ambitions will receive reinforcement through new jobs with material gains.

Libra (Sept 23 - Oct 22)

You feel great when you have rested! At times you work with people who think they are smarter than you are. You can rise above all this

CAPRICORN

DEC. 22-JAN. 20

easily. Some sweet recognition flows to you in happy ways. You feel a little devilish, let yourself go, enjoy!

Scorpio (Oct 23 - Nov 22)

Love is beautiful! A little shy but gracious, ready to respond. Someone could interfere. Be cautious. It's great to flow with the current for a change. Take it easy. Try to develop a simplified daily schedule. You sacrificed for the sake of future rewards.

Sagittarius (Nov 23 - Dec 21)

You enjoy work immensely! You can relax both at home or in a far-off place. Love is very real to you yet touch-and-go. You have secret spiritual desires. Keep rebellious instincts under control. People are drawn to you. They sense your strength.

Capricorn (Dec 22 - Jan 19)

For some reason or other your

language barrier has hit you squarely in the face. Its good to relax at home after the holiday rush. You feel irritable with all the responsibilities. Don't act impulsively. The New Year could offer better security and money.

Aquarius (Jan 20 - Feb 18)

In January try to avoid fatty foods. Your bad habit is smoking. Go for a walk, cold or not, get that fresh air in your lungs. You are tense about a medical problem. Your Sun Sign says all is bright with good news coming. Could even be an addition!

Pisces (Feb 19 - Mar 20)

Ah! New clothes and jewelry. Positive thinking adds to your vitality. You love to take long walks and commune with nature. Help Aquarius! Firm up your prospects in the New Year. Avoid stressful situations. Love can be prickly and troublesome.

Questions from parents

Jimmy is my 10 year old son and right now he's really testing me. How can I give him responsibility without his ruining his life?

Some suggestions on how you could teach Jimmy responsibility and help him feel good about himself at the same time would first be to let him find out more about the rules of your house - what they are, how they are made. Let him experience the consequences of his choices and develop values about his ideas and actions. Praise him for his good choices and help him evaluate the others. Perhaps most difficult, let him know he CAN disagree with you, but that you would like to talk to him about his choices because you love him.

deformed. Is this true?

As a woman gets older, the risk of her baby having a chromosome abnormality increases. There are many types of chromosome abnormalities which can cause different kinds of problems. The most common is Down Syndrome. In Alberta, a pregnant woman over 35 years old is eligible for CVS or amniocentesis. Both these tests will tell if the baby has a chromosome abnormality. They are done in Edmonton by an obstetrician. If you are interested in finding out

more about these procedures, call the Genetics Nurse at the Health Unit.

Is it best to wait until my son asks specific questions about sex before giving him information?

No. It is more important for you to ask your child questions. Everyday your child is exposed to messages about sex which adults can understand, but which children may find confusing. If watching a show on TV with a sexual situation in it, ask your child what he saw and what he thinks

about it. You'll probably find the answers your son gives indicate a real uncertainty and a need for information or reassurance.

We will answer questions on environmental and public health, nutrition, sexuality, speech therapy, nursing care, dental care and hereditary disease.

Send your questions to Dialogue on Health, Box 1468, St. Paul, TOA 3A0 or phone 645-3396.

Alberta Power changing in '89

Alberta Power Limited is changing to reflect the needs of its customers. Effective with the new year, there's a new look for east division.

District boundaries have been altered to create three district offices: Lloydminster, Bonnyville and Drumheller. Vegreville will continue to be the divisional office.

The north portion of east division is divided on an east-west axis with the North Saskatchewan river being the dividing line. The Lloydminster office includes the Lloydminster, Vermilion, Two Hills and Vegreville offices. The other district office in the north portion is located in Bonnyville. This district includes the Bonnyville, Smoky Lake, Grand Centre and St. Paul offices.

The Drumheller district is expanded to include all of the south service area, adding Forestburg, Castor and Consort offices to the Drumheller district.

These changes provide more equitable distribution of customers, revenue and manpower in each district.

Additional facilities are required only in Bonnyville as Lloydminster and Drumheller have been district offices for a number of years. The new facility in Bonnyville is scheduled for completion in March 1989 and is being

built on existing Alberta Power property. Future plans include an expansion of the Stettler and Lloydminster facilities.

Vegreville remains at the centre of activity as the divisional headquarters and Alberta Power's System Control Centre in Vegreville plays an essential role in ensuring a reliable, economical supply of electricity.

Dump reclamation

Environment Minister, Honourable Dr. Ian Reid and St. Paul M.L.A. John Drobot, announced that Alberta Environment will begin, weather permitting, the reclamation of the abandoned Town of Elk Point garbage dump.

"I am very pleased to give this reclamation project undertaken by the Land Reclamation Program," said Mr. Drobot. "After this area has been reclaimed it will be available for pasture land."

The reclamation will involve the levelling of the garbage, capping of the exposed garbage, contouring the site and revegetating the disturbed

area. This project is expected to employ two people for one week.

Funding for this project will be provided through the Alberta Heritage Savings Trust Fund Land Reclamation Program. The Program is administered through Alberta Environment which will be responsible for all planning, site supervision and hiring of contractors.

The objectives of the Land Reclamation Program are to reclaim derelict crown and municipal land in Alberta to an environmentally acceptable standard, to return lands to productive use, and to create employment for Albertans.

Grey will try again

(Cont. from Front Page)

last fall, I do not think I'll be able to do that again, which will make it rough. But I'm willing to work around that."

Thirty-six years old, Grey is an English and Drama teacher at the High School in Dewberry. She was born and raised in Vancouver, but moved to Alberta in 1977 to finish her studies at the University of Alberta. In 1979, Grey moved to this area to begin her teaching career in Frog Lake, and has been here ever since. She currently resides east of Elk Point, at Laurier Lake.

Though relatively new to the political ring, Grey is extensively involved in the community. Her employment as a teacher keeps her busy at many activities, plus she also sings in a travelling gospel group, called 'His'.

Grey's main interest in politics is obtaining fair representation for all regions of Canada. She feels that with the Free Trade issue resolved, there will be more attention paid to other important matters, such as the budget deficit and a Triple "E" Senate. Taxes and family issues are also areas of concern for Grey, and areas she will likely be addressing in her campaign, if nominated.

The nomination meeting for the Reform Party of Canada will be held at 7:30 p.m. on January 9, 1989, at the Ukrainian Hall in Smoky Lake.
